HealthAchieve2009
November 16, 17 & 18, 2009

This year marks the ninth annual **Green Health Care Awards**, which recognize hospitals and individuals who demonstrate leadership and excellence in reducing health care's environmental impact. HealthAchieve in conjunction with the Canadian Coalition for Green Health Care are pleased to offer sponsorship for each of the following **Green Health Care Awards**:

Energy Efficiency

The winner demonstrates a reduction in their environmental impact as a result of reduced energy use and/or through switching to more efficient and/or environmentally-friendly fuels or energy source.

Pollution Prevention

The winner provides evidence of a significant reduction in emissions to air or water and/or a significant reduction in solid waste production and/or a reduction in the use of toxic or hazardous materials. The means of pollution prevention may include the use of a combination of processes, practices, materials, products, substances or energy that avoid the creation of pollutants.

Leadership

The winner demonstrates a significant commitment to environmental sustainability and to reducing environmental impact, including evidence of progress in energy efficiency, pollution prevention and involvement with the community.
